Re: Lance Hullum, W49489

Dear Ms. Silva:

Mr. Hullum, who has been at Cedar Junction for many years, was recently classified to SBCC. I write to clarify that, although it would be inaccurate to say that he is *happy* with a lateral move, he is willing to make that move in the hope that his recent improved adjustment at Cedar Junction, plus a period of adjustment at SBCC, will qualify him for movement to medium security within a reasonable period of time.

Yours Truly,

Re: Lance Hullum

Dear Pastor Hullum:

Enclosed please find a copy of a letter which I sent to Dianne Silva at DOC classification on May 3. The letter reflects my understanding of Lance's position regarding his classification to Souza-Baranowski Correctional Center (SBCC). I sent a copy of that letter to Lance at that time.

I have not had a response from the DOC or a letter from Lance since I sent that letter. My recommendation remains that Lance should accept a transfer to SBCC, which will get him away from the difficult atmosphere at Cedar Junction where he has been for so long. I believe that if he spends a period of time at SBCC, at least six months, without serious disciplinary reports, that he will be considered for medium security placement.

Lance would not be in segregation at SBCC, which I believe is also one of your concerns.

Yours Truly,
